But let me answer that question, and leave the old bachelors alone—the poor, miserable creatures-they have a "hard row to hoe," anyhow, and it is better to allow them to drag their tortuous course through life, with as few howls as possible.

Well, we had an eration, a dinner, about a hat full of toasts, a tournament, and a ball. First, The Oration, delivered by Dr. J. CRANE. was a very creditable one-one that deserved to

be heard by a larger assembly than was here. Second, The Dinner-All partock, and ate just as much as they wanted. All were well pleased, except old bachelors, of course, who declared "that it wasn't fit for a hog (fastidious persons can leave out 'bog,' and say swine) to eat." He knew he was lying when he said it, for his cheeks were puffed out, and his eyes were strained from their sockets, by his efforts to conceal the ginger-cakes that he was poking into his mouth so rapidly.

After dinner was over, numerous toasts were given, and responded to in a very hearty man-

Fourth, The Tournament-An emblem of tyranny not well suited to the celebration of the birth-day of a free nation, but as a sport, not to be equalled. The sport began by the entry upon the field of about a dozen of our young men mounted, armed with spears, and dreased in accordance with the various characters assumed. Knights of all shades were represented, all fierce and determined to win the crown- A small ring was suspended from a wire in the air, and each knight was to ride at full speed along the course, and as he passed the ring, take it on his spearif he could. The knight who succeeded in taof five, was entitled to "go up head," and receive the crown, which he was to bestow upon ger-bread; "Love in a horn." One would have gists. thought so, had they peeped through the grocery window, an hour afterwards, and seen Bach. en-

Now, that is the answer that Aldrich Arlon M six or seven hundred people in and about Ore- Benson Isaac gon will give when you ask them "how they spent the Fourth?" To save time, which is a Dunlap Willian G great item in these days of speculation, you had better ask, "Were you in Oregon on the Fourth?"

At night, the knights gave a ball, of which I know but little, and some of the participats still less. Nothing more, until the next time, T. FIDDLESTICKS PILESER.

Tribute of Respect.

At a regular meeting of Oregon Lodge, No. 32, Independent Order of Good Templars, held July 3d, 1857, it was announced that our wellbeloved Brother, John Bernerr, had died on the night of the 1st inst., in the 28th year of his ding House. age. The following resolutions, expressive of the feelings of the Lodge, were submitted by a committee, and unanimously adopted:

Resolved, That in the death of Bro. BCRNETT, society has lost an ornament, and Temperance one of its most noble and zealous advocates. Resolved, That while we meekly submit to the will of an All-Wise Providence, in removing from among us so bright an example to the Hving, of moral worth and excellence, and of the duty they awe to themselves and fellow-beings, it is our duty to endeavor to fills the void that Death has made, and redouble our efforts to save

Resolved, That, as we, in common with the parents and relatives of our deceased brother, 300 Acres of No. 1 Timber Land, within 134 deeply feel the affliction that has befallen us, the members of this Lodge be directed to wear the usual badge of mourning, for the term of twenty days.

Reselved, That a copy of these resolutions b presented to the parents of the deceased, and sent for publication to the " Holt County News," " Kansas Chief," and " Good Templar." G. W. JESTER, W. C. T.

WM. KAUCHER, Secretary. Augusta, Ga., June 26. The State Democratic Convention met at Milledgeville, on Wednesday last.

Resolutions were adopted favoring the Cincinnati Platform, and condemning the policy of Governor Walker in Kansas. Ballotting for Covernor has commenced.

CATHARTIC PILLS

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscers to purify the blood and stimulate it into bealthy action. They remove the obstructions of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown curse of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of saturath. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the compliants which they have been found to cure. For Corrivaryses.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of Pills, and the cure of one compilaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Driverens, and always uncomfortable, take mild dose—from one to four—to stimulate the stornach and liver into healthy action. They will do it, and the heartforth, bedyborn, and zeniburn of dysapperia will rapidly disappear. When it has gone, don't forget what cured you.

For a Forl Stomach, or Morbid Inaction of the spirits and bad health, take from four to eight Pills.

system. Don't wear these and their kindred disorders because your stomach is foul.

For Schorula, Envispalas, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappeat. Many dreadful ulcers and sorbs have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade systems! around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

of the unclean diseases of the skin, because your system wants cleansing.

To Purity the Bloom, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.
